## ABYEI INFORMATION AND RADIO SERVICE (AIRS)

**“The Voice of Abyei”**

**About Us:** Abyei Information and Radio Service (AIRS) is a local South Sudanese, not-for-profit media organization that was founded in October 2012 to provide critical news and information to the communities of Abyei territory.

Established in October 2012 to support the proposed African Union referendum in Abyei, AIRS has been broadcasting radio programs since May 2013.

**Our Mission:** To run a sustainable radio station and information service that informs, engages, educates, entertains, and provides culturally relevant content both from and to the community.

**Our Vision:** A community where people can make informed decisions about their lives.

### Aims and objectives

- To maintain editorial independence, not controlled by any one individual or organization, the station strives to produce and broadcast programming that is fair, accurate and independent.
- To ensure that the station receives management, financial, technical, editorial, programming, sales and marketing support.

**Values:** Fairness, Accuracy & Independence

**Executive Team:** AIRS is governed by a Board of Directors that provides a strategic direction for experienced team of journalists serving people in Abyei through provision of information.

**AIRS Office:** Agok, Juoljok between football playground and the Catholic Church, Abyei, South Sudan.
